

## MedInstitute – Cookies Policy

# Cookie Policy

## Overview

In order to improve the user experience and interaction with our website we use technology such as cookies to collect information and store your online preferences but also to identify suspicious activity on our website and prevent fraud.

Cookies are small data files that are placed on your computer or mobile device when you visit a website. They can be accessed by web browsers (such as Google Chrome, Microsoft Edge, Firefox and so on), or by the owner of the individual website.

You can learn more and manage your Cookie Preferences by enabling or disabling a specific set of cookies, based on one of the predefined categories below.

Please note that by blocking some types of cookies may impact your experience on our websites and the services we are able to offer.

## How do we categorise cookies?

### Strictly Necessary Cookies

These cookies are required and strictly necessary to enable core website functionality and are automatically enabled when you use this website, therefore you cannot disable this type of cookies

If you wish to block this type of cookies from being installed on your device, you can block or delete them by changing your browser settings and force blocking all cookies available on this website.

### Performance cookies

These cookies collect information on how you use this website, for instance which pages you visit most often or if you receive any error message but are non-essential to the website operation and functionality. The information collected by these cookies is aggregated and therefore anonymous. We use them to improve how the website works.

### Functional cookies

These cookies allow the website to remember user choices and provide enhanced, more personal and customised features. Like performance cookies functional cookies are non-essential to the operation of the website and you can block them from being installed on your device. The information these cookies collect is anonymised and does not track your browsing activity on other websites.

---

## Advertising cookies

These cookies are used to deliver adverts that are relevant to you and your interests. They are placed by third-party providers with our permission and the information collected might be shared with other organisations such as publishers and advertisers.

You can change your preferences at any time by visiting the 'Cookie Policy' link at the bottom of any page.

Please be aware that we may update from time to time this Cookie Policy without notice in order to reflect changes to the cookies that we use or for other operational legal and/or regulatory reasons.

We advise all of our website users to re-visit this Cookie Policy periodically in order to stay informed about the use of cookies on our website.
